Using NASA's Mars Trek to Locate Rovers

1. Go to https://trek.nasa.gov/mars/

2. Click on the magnifying glass in the upper left to perform a search

3. Click on "Item Type" and select "Bookmark"

4. Select the landing site of the rover you are interested in

5. Click on the green "Add" button

6. Click on each of the dots on the map to find where the rover has been
